Docket No. 777/228 dated 5th March 1877 from the Commissioner of the Ashtagram Division,

With the above the Commissioner submits the District Fund Budget of the Hassan District for 1877-78.

2. The total amount of assets, deducting 24 per cent for education and including the last year's cash balance Rs 7,889, is calculated by the Local Fund Committee at Rs 49,591, but the Deputy Accountant General estimates the same at Rs 50,907. The latter amount has been entered on the receipt side of the Budget.

3 The expenditure under all heads has been estimated by

by the Committee at Rs 47074.

shall now proceed to review some of the items which require reduction.

Part IV A of the Budget

Memo.

Letter No. 397 dated 8th Decemr. 1876. from the Commr. Nandydroog Division.

In his letter No. 365 of 24th January 1876. the Nandydroog Commr. brought to notice the proposals made by the District Committees for the entertainment of the additional establishment, denoted in the margin. He stated that the proposed addition was, notwithstanding its necessity to enable the District Officers to carry on their work efficiently, not entered in the District Fund Budget for 1876-77, as previous sanction to it had not been obtained, and that he would submit a Scale of increase on a uniform plan for the Districts, if Govt. Dalgal were disposed to entertain the proposal.

In the current Year's District Fund Budget prepared in this office no provision was made for the increase proposed, for want of funds.

2. In his Subsequent Communication to the Commr, No 635 of 25th Sept 1876, the Dy Commr, Bangalore District, represents the need for augmentation of the District Maramat Dept on the following grounds:

I. Owing to the increase of work caused by the introduction of the newly formed District Fund Rules, Major Clarke, as resolved upon by the District Fund Committee recommended an addition to the District Maramat Dept as per margin. Accordingly a provision was made in the current Year's Budget, which the Chief Commr disallowed

on

on the General ground that projects not previously sanctioned by him, should not be entered in the Budget.

II The work of the Deptt is arduous, and the maramat accountant has to do much outdoor work, for which no mileage is allowed by the Public works rules.

3. The Commrs now urges, in emphatic terms, on the Chief Commissioners Consideration the question of the additional establishment required for the Maramat Deptt of the Nandydroog Division. He observes that the subject of an increase to the existing maramat establishments under Civil officers, has, for several years, been under discussion with the D.C.W. Secretary, that every request put forward has

on

on one, plea or other, been discouraged that none of the references appear to have been brought to the Chief Commr notice. He submits a memo, shewing the work devolving upon the Maramat Establishment of his own office and a Statement, shewing the proposed increase for the establishments in the Division, and the Bangalore District offices; and requests sanction to the latter on the ground that the work, already heavy enough, has materially increased owing to the addition of the Local Funds and municipal accounts. He advocates this additional expenditure as he feels a real necessity for it. As regards his own office, he might, by giving constant aid from the Revenue

Department manage to carry on work though not as smoothly as he could wish. But the District officers, who constantly bring up before him the subject of increase, seem to think it to be his fault that they have not been assisted long since in this respect. While under the present System, the Maramat or the Public works part of their work, is becoming one of the heaviest portions of their multifarious duties. Special Knowledge gives each class of public servants very considerable advantages; and there is a great deal of knowledge which can be more easily acquired than that necessary to form a good Maramat Head Writer

writer - Consequently, unless the pay of these writers be increased, they will soon find that they can take their knowledge to a better market. Col Pearse suggests that the improved rates of pay and small additions required may be carried out not from the Imperial Funds but from the District and Municipal Funds, of both of which the work has entailed extra labor on the Maramat Department.

4. In August last, the Atlagram Commr. Submitted proposals for increasing the pay of the Maramat Clerks of the District and Division offices by Rs 10 per mensem. In this office order No. 7465 dt 100 of

30 &

from Rs: 50 to Rs: 60.

30th October 1876, the increase to the Salary of the Clerk of the Division Office was sanctioned to have effect from the 1st April 1877, to be charged in equal proportions to the District Funds of the Mysore and Hassan Districts and to be duly provided for in the Budget of those Districts for the ensuing Year. With regard to the other proposal made by the Commr, it was observed that the Maramat Clerks' pay in the Mysore and Hassan Districts was similar to that drawn by the corresponding officials in other Districts.

5. The Maramat work in the Nagar Division is much heavier than in the Nandydroog Division, and if any increase is to be allowed to the Clerks and accountants of the Maramat Establishments,

I beg to suggest that a uniform Scale of establishments be fixed for each District and Division in the whole Province. A reference may be made to the Commrs of the other two Divisions on the subject.

Letter No 630/195 of the 5th February 1878 from the Commissioner of the Allahabad Division.
(2). Letter No 6517 of the 27th March/78 from the Deputy Accountant General of Agra

---

With this letter above quoted the Commissioner submits the District Funds Budgets of the Allahabad district for the year 1878-79, together with the Local Fund Committee Proceedings of the 4th Feby/78.

2. The opening cash balance on 1st April/78 is estimated by the Local Fund Committee at Rs. 3739 while the Deputy Accountant General states that the balance will be against the Funds by Rs. 17,581 as per his memo: of the 25th March/78. The Dy Accountant General's Statement may be accepted

3. The Receipts of the year are estimated by the Committee at

at Rs 39,308 and by the Dy Accountant General at Rs 45,179. In his letter to the address of the Collr, No 1658 of the 24th January/78, the Dy Commissioner stated that he has made a deduction of 10 per cent on the estimated receipts owing to remissions that may be granted in land revenue on a/c of Famine. Mr Audson's estimate of receipts under Local cesses is stated to have been based on the Provincial Budget as approved by the Chief Commissioner, and may, therefore be accepted.

4. The amounts available for expenditure during the year is Rs 27,598 as particularized in the margin

5. The Expenditure proposed by the Committee amounts to Rupees 43,047 to which must be added Rs 2,220 on account of the following items making a total of Rupees 45,267.

Reappropriation of Rs. 3000 referred to by the Committee and sanctioned in this office No. 3603 of 1693 8th February/78 refers to the expenditure of last year, and the whole amount reappropriated does not appear to have been utilized during 1877-78. A sum of Rs. 2,000 has been entered in the Kadur District Fund Budget for the share debitable to that district, but pending receipt of the statement called for from the Commissioner, Rs. 1,500 may be entered in this Budget.

1/4th share of contingent charges of Taluks. Provision has to be made for this charge (as per Chief Commissioner's order No. 3775 of 1751 of the 1st March/78) which according to the statement received from the Commr. with No. 23/2 of the 9th Instant amounts to Rs. 720 per annum. This may be entered in the Budget.

6. As the expenditure under all heads exceeds the estimated assets of the year by Rupees 17,669, I beg to suggest that a sum of Rs 6000 be allotted to this District out of the usual grant-in-aid of Rs 4.0000 from the Public Works Budget and the following reductions be made in the Budget submitted by the Commissioner.

the Committee have ~~raised~~ ~~the~~ made a provision of Rs. 1145 for the repairs of Berhampur-Serpur road against Rs. 686 in 1877-78. Reply to Letter of 10th January 1877 No. 111 of Proceedings

(17)

With reference to the Chief Commissioners Proceedings No. 111 of 10th January 1877 on the subject of the re-organization of the Inamdar Establishments, I have the honor to state for the Chief Commissioners information that the Dy. Commissioners of the Shimoga, Kadur & Chitaldroog Districts are unanimous in their opinion that the strength & cost of

of the present establishment should be materially increased, but differ in their proposals regarding the manner & extent of the increase.

2. The accompanying Memorandum contains a resumé of the propositions submitted by each of the 3 Dy.: Commissioners, & my own opinion thereon.

3. Proposition Statements drawn up in this Office are herewith submitted for the Chief Commissioner's sanction.

× One for Maramat & another for Municipal.

I have the honor to be
Sir,
Your Most Obed.t Servant
Commissioner.

of the establishment & hire they should be remunerated. On this point the proposals of the 3 Deputy Commrs vary. It is of great importance that the establishments of the 3 Districts should be so organised as to render the Scale as far as possible uniform and efficient - Bearing this object in mind, the following remarks are made regarding each of the propositions offered by the Deputy Commissioners

Proposition I alteration of the Warrant Clerks designation

It is proposed by the Deputy Commr Kadur District that the designation of the Clerk at the head of this Branch should be Warrant Head Clerk instead of Warrant Clerk as at present - The other two Deputy Commrs are against the proposal - Considering the responsible nature of the duties devolving on this Clerk & the alteration of the designation proposed by Mr Krishna Rao appears desirable

Proposition II Increase to the pay of the Warrant Clerk -

The raising of this officials pay is advocated by Mr Krishna Rao Captain Cumming, the former recommending an increase of Rs 20 and the latter an increase of Rs 10 over the present Salary of the Clerk viz Rs 50 - Major Armstrong is silent The heavy and responsible duties attached

to the Office appear to justify the increased Salary - It is sufficient if the pay is raised to Rs 60 per mensem -

Proposition III
Appointment of Deputy Clerk } The 3 Deputy Comm^rs unanimously urge the desirability of proving this new post, but they differ in their proposals regarding the pay - The Deputy Comm^r Shimoga recommends 40 Rs, and the Deputy Comm^rs of the Kadur & Chitaldroog are in favor of 25 Rupees - The creation of this post is very desirable - When the Head Clerk is absent on leave &c much inconvenience arises in making arrangements for the due transaction of Inamamat duties - The post of Deputy Clerk with a suitable pay will secure the services of a qualified person who with his experience of the work will ultimately be eligible to promotion to the office of Head Clerk, and thus the inconvenience above described will be obviated - With respect to the Salary, I think Rs 30 per mensem is a fair sum to be fixed -

Proposition IV
Post of Returned Examiner - } The Deputy Comm^r of the Kadur District suggests the creation of this new appointment on Rs 25 - The Deputy Comm^r of the Chitaldroog District where Inamamat work is considerably heavier does not advocate it - The post exists in the Shimoga District and falls

Memorandum

Vide Chief Comm.rs Proceedings Nos. 111 dated 10 January 1877 and the Deputy Comm.rs Reports thereon -

From the tenor of the Chief Comm.rs Proceedings it is clear that proposals are invited for the reorganization of the Office Establishments of the Deputy Comm.rs & Comm.rs - but the statements received from the Kadur & Shimoga Districts, erroneously exclude the following establishments -

	Establishment	Head under which it falls
1	Estimate Examiner	Local fund Engineer's establishment
2	Surveyor ---	Lower Subordinate - Do -
3	assistant -do-	
4	Maistry ----	Gelly establishment
5	Lascar ----	
6	Moolauder	Taluk Establishment -

The post of a clerk on Rs 20 is omitted in the statement of the Shimoga District - It appears that the services of the Official occupying this post are placed at the disposal of the Executive Engineer Nagar Range to assist that officer in the execution of certain District Fund works undertaken by that Department - As the pay however forms a portion of the cost borne by the

the District Fund, it is necessary that the post should be shown in the Statement.

2. The following therefore is the correct statement of the strength of the present office establishment of the Commissioner and the Deputy Comm^rs.

Designation	Comm^rs Office			Shimoga District			Kadur District			Chitaldroog District			Total			Remarks
	No	Monthly Cost		No	Monthly Cost		No	Monthly Cost		No	Monthly Cost		No	Monthly Cost		
		Rs	a	p	Rs	a	p	Rs	a	p	Rs	a	p	Rs	a	p	
1 Inaamdar Clerk	1	60	-	-	1	50	-	-	1	50	-	-	1	50	-	-	4	210	-	-	The clerk of the Comm^rs office receives Rs 25 out of Rs from Imperial revenue. Of the salary of the clerks of the Distt office, moiety is charged to Imperial revenue
2. Inaamdar accountant	1	40	-	-	1	25	-	-	1	25	-	-	1	25	-	-	4	115	-	-	Paid entirely from Imperial Revenue
3. Estimate Examiner	1	30	-	-	-	-	-	-	-	-	-	-	-	-	-	-	1	30	-	-	Do Do
4. Inaamdar Surveyors at 15 Rs each	-	-	-	-	2	30	-	-	2	30	-	-	2	30	-	-	6	90	-	-	Do Do
5. Distt fund clerks	-	-	-	-	1	20	-	-	1	20	-	-	1	30	-	-	3	70	-	-	Paid from Distt Funds
Total	3	130	-	-	5	125	-	-	5	125	-	-	5	135	-	-	18	515	-	-	

Out of the grand total of Rs 515, a sum of Rs 335 is debited to the Imperial Revenue, and Rs 180 to District Funds.

3. From the reports of the Deputy Comm^rs, it is beyond doubt that the strength and pay of the present establishment should be increased. The only question is, what additional hands are absolutely necessary to secure the efficiency

under the head | Local Fund Engineers
Establishment | The work may be
performed by the | Deputy | Comrs ——

Proposition V } The Deputy Comrs Kadur
Additional } recommends the
Gumastas } entertainment of 8
additional Gumastas on Rs 15 a
month while the Deputy Comrs of the
Shimoga and Chitaldroog Consider one
additional Gumasta on Rs 20 sufficient
to meet the requirement Mr Kristna
Rao states that it is necessary to
place two Gumastas under the Surveyor
and Assistant Surveyor to assist
them in the disposal of vernacular
Correspondence. The correspondence
between the Surveyor and Amildars
is infrequent. As opportunities
offer, there will be no difficulty
in appointing to the post of Surveyor,
men who in addition to the usual
qualifications are also conversant
with Canarese. If absolutely necessary
the Services of one of the Naramut
Gumastas may be spared for a
few hours a day to assist the
Surveyors in this respect when they
are at Head Quarters - When they are
moving about they should make their
own arrangements - Under these
circumstances, the necessity for such
a

a large additional establishment is not apparent. One additional Gumasta on Rs 20 a month maybe allowed to each District as recommended by Major Armstrong and Captain Cumming.

Proposition VI Office Servants — The Deputy Commr. Kadur thinks it desirable to entertain a Mooteky on Rs 10, and a peon on Rs 6. No such proposal is made by the other two Deputy Commrs. The Maramat establishment stands in immediate subordination to the Revenue Department, and the Services of the Office Servants attached to the latter may conveniently be utilized by the former as is the case at present. No additional hands therefore appear necessary.

5. The proposal of the Kadur Deputy Commr. for raising the Salary of Maistries and Lascars needs no discussion here, as they do not come under the head of "Office Establishment."

6. As regards the requirements of the Division office, the accompanying Tabular statement will speak for itself, as to the amount of work performed in this office. As will be seen from

the

the statement appended. 6 Para 7 that there are at present only 3 hands on this office, of whom one is exclusively employed in copying correspondence connected with this branch - Of the remaining two one viz the Estimate Examiner is fully engaged on sheeting the Estimates & Notifications received from the 3 Districts The rest of the work viz drafting minis, Examining Budgets & Estimates scrutinizing monthly accounts preparing annual accounts, Keeping Registers of allotments and expenditure has fallen entirely on the shoulders of the Huramut Clerk whose duties are so responsible & heavy that I have no hesitation in recommending an increase of Rs 20 over his present pay - It is likewise expedient to grant an increase of Rs 10 to the Huramut - Deputy Accountant and Rs 5 to the Estimate Examiner - Two additional hands viz one English clerk on Rs 40 & Rupees & one Gumasta on Rs 15 a Rupees will be sufficient to meet all requirements of the Office -

7 The present designation of the Huramut Clerk should as in the case of the District offices be altered into Huramut Head Clerk

8 Should the views expressed in the 3 preceding paras meet with the Chief Commissioners approval the scale

Scale of the District and Division Establishments will stand as follows —

		Total	135 - -		Total	195 - -	60 - -
		Grand total	515 - -		Grand total	765 - -	250 - -

9 - As it is the District Fund Works that has contributed to render the duties of this Department so heavy as to necessitate the

the reorganization of the establishment, it is proper that the increased cost of Rs 250 involved in the above scheme should be entirely borne by the District Funds The total cost debitable to these Funds will be Rs 430 per mensem or nearly 4 per cent on the average receipts -

10 I take this opportunity of bringing to notice the inadequacy of the pay of the Municipal Clerk attached to this office - There are 17 Municipalities in the Division, and the work continues to increase - The pay of the clerk is Rupees 20, while that of the clerks entertained in other offices is as follows.

1. Shimoga District Office, Rs 30
2. Kadur - Do - Do --- Rs 30
3. Chitaldroog - Do - Do --- Rs 30
4. Chief Commr's office ----- Rs 40
5. Deputy Accountant General's office } Rs 60

As the Chief Commr's proceedings under reply appear to have reference to this Department also, it is recommended that the pay of this office Clerk may be raised to 30.

Sir

With reference to the Proceedings of the Chief Commissioner No 757/382 of the 15th instant passing orders on the District Fund Budget & estimate of the Hassan District for 1877-78; and para 7 forwarding, for my opinion copy of forecast programme of works proposed by the District Fund Committee to be therein undertaken from 1878-79 to 1881-82 — I have to make the following observations —

During 1878-79, it would be advisable to concentrate all the funds available on the Nanabad Phund Ghaut Road and on the Aniemahal Mudgherry Road.

3 The Assistant Engineer of the Hassan Range will during the early part of the year, have frequently to visit the works connected with the Woddenhullah bridge; and in like

manner the Executive Engineer will have to give a good deal of his time to the Bhund Ghaut improvements. As the above roads are in the neighbourhood, these two officers could readily give their attention thereto at the same time that they are engaged on the Wodden-hullah and Bhund Ghaut works.

4. I think the new Bridges and Tunnels, for which provision of Rupees 2500 is made for 78-79, might remain over for a time, and their allotments be given over to press forward more rapidly the works on the two roads mentioned above in para 2.

5. The three bridges on the Byakully Bisle road might be put in hand and be pushed on simultaneously, so as to facilitate supervision — All three bridges being within easy distance of each other.

6. In conclusion, I would remark that, in view to due economy as regards the funds, it is very essential to concentrate the available supervision, and insure the rapid progress of the individual works —

I have the honor to be

The Secretary to the Chief
Commissioner of Mysore.

Sir

As directed in your letter No. 111 dated 10th January 1877. I have the honor to submit the marginally noted letters from the Deputy Commrs. Mysore and Hassan expressing their views and opinion regarding the proposed revision of the Maramut Establishments in their respective Distts.

No. 115 G. 8-5-77 from Mysore
No. 499 G. 10-7-77 from Hassan
in original to be returned.

It will be seen that both the Deputy Commissioners recommend a thorough revision of the existing Establishment and System of carrying out works by appointing trained and competent Overseers on sufficient salaries to be in charge of 2 or 3 Talooks each for executive purposes in lieu of the undisciplined and irresponsible Mestries as at present employed who are as a body quite unequal for the duties required of them, and by increasing the present strength of the Office Establishment for ensuring more prompt despatch of work. These proposals are no doubt very desirable and practicable, as they are in accordance with the principles of the D. P. W. and the cost is not excessive; but as the Chief Commissioner appears only to have required at present an opinion on the Division and District Office establishments I

Shall

Shall confine my remarks to this branch.

The present establishments in the Divn. and District Offices consist of

Mysore District.

		Monthly	Yearly

1. Accountant	35		
1. Gumasta	20.	145	1740
2 — do — on 15 Rs each	30.		
Total		380	4560

The total number of Officials is 14. Of whom one draws Rs: 60, two Rs: 50, one Rs: 35, two Rs: 25, three Rs: 20, and five Rs: 15. These Salaries are very small, and quite disproportionate to the work required of the incumbents, so that it has been found impossible to retain the services of efficient men, or get through the work up to date. The scale was originally fixed in 1863-64 or 1864-65, when the management of the minor agricultural and District Fund works was made over to the Revenue authorities and necessarily requires revision, as circumstances have materially changed, and the

work

work has increased under all heads. the system of accounts, audit &c differing little from that now in use in the D.C.W.P.

The revision now proposed in the Mysore and Hassan Districts consists of raising the Salaries of the existing establishments and entertaining an estimator and Draughtsman as shewn below:

Mysore District	Present pay.	Proposed pay.	Difference
1 Head Clerk	50.	80	+ 30.
2 Accts: at 15 Rs each	30	60	" 30.
1 3d Accountant	25	40	+ 15
1 4th do.	20	25	+ 5
1 Estimator & Draughtsman	"	60	+ 60.
Total.	125	265	+ 140.

Hassan District.	Present pay.	Proposed pay.	Difference
1 Head Clerk	50	70	+ 20.
1 2nd do.	25	35	+ 10
1 3rd do.	20	35	+ 15
1 4th do.	15	15	"
Total	110.	155.	+ 45.

The proposed establishment in the Mysore District consists of 1 Head Clerk on Rs: 80, 1 2nd Clerk on Rs: 60, 1 3d Clerk on Rs: 40, 1 4th Clerk on Rs: 25 and 1 Estimator and Draughtsman on Rs: 60 at a monthly cost of Rs: 265 or Rs: 140 in excess of the cost of the present establishment while that of the Hassan Dist: Comprises Head Clerk on Rs: 70, 2 Clerks on Rs: 35 and 1 Gumasta on Rs: 15 at a monthly cost of Rs: 155 shewing an increase of Rs: 45

as compared with the present establishment.

There is no apparent reason why the scale of establishment in both the Districts should not be uniform, as the amount of work is nearly the same. The increase to the Salaries of the present establishment should also be moderate, the number of Officials in each Office being restricted to the minimum requirements. The scale shewn below seems appropriate.

1, Head Clerk	Rs: 70
1, 2nd do:	40
1, 3rd do:	35
1, 4th do:	25
1. Estimator & Draughtsman	50.
Total,	220.

Shewing a monthly increase of Rs: 95 in the Mysore and Rs: 110 in the Hassan District as Compared with the existing establishment. These increases do not appear Excessive, Considering the work to be done at present.

Regarding the Division Office, there are at present 1 Head Clerk on Rs: 60, 1 Accountant on Rs: 35, 1 Joomasta on Rs: 20 and 2 Joomastahs on Rs: 15 each at a monthly Cost of Rs: 145, a Scale which was adopted Some years ago, and is not suited to the present requirement. The 2 Joomastahs below Rs 20 are utterly useless. The pay is so small, that it has been found impossible to obtain efficient men, and as the work has considerably increased, the necessity for raising the salaries

of

21

38

of these Officials seems unavoidable. The pay of the Head Clerk requires to be raised from Rs: 60 to Rs: 75 which is the pay of the District Head Accountant and that of the 2nd Clerk from Rs: 35 to Rs: 50. As regards the 3 Gumastahs it would be better to appoint 2 qualified ones - one on Rs: 40 and one on Rs. 30 in lieu of the 3 Goomastahs. The result of these modifications will be an increase of Rs: 50 monthly, as compared with the existing Establishment as shown below

	Present.	Proposed.	Difference
1) Clerk	60.	75	+ 15
2nd do	35.	50	+ 15
3rd do	20.	40	+ 20.
4th do	15.	30	+ 15
5th do	15	"	— 15.
Total	145	195	+ 50.

The total Cost of the proposed establishment the Division and Distt. Offices is Rs: 635.

Mysore District	220.
Hassan District	220.

or Rs: 255 in excess of the cost of the present establishment. There are no Savings from which this excess may be met.

Deputy Commissioners Office
Mysore District,

Dated Mysore 8th May 1877.

To,

The Commissioner
Ashtagram Division

Sir,

I have the honor, with reference to your No. 501 of 16th January last and Chief Commissioners Proceedings No. 111 of 10th Idem, calling for an opinion on the reorganization of the Muramat Dept so as to render it more efficient, to make the following proposals

2d. It will be desirable in the first place to remark in what particulars I consider the present establishment falls short:-

1st The District Office is underpaid and consequently the class of men attracted do not possess the required qualifications.

2nd The Taluk establishment of Amistrees are as a rule unequal to the duties required of them from want of practical knowledge and professional qualification.

The

W.9

3rd The District Surveyors proposed (4) would be able to get up more projects and with more facility if the duty of preparing the plans and estimates on their own field books (which is objectionable in principle) devolved on the office establishment for which an Estimator and Draftsman is required: the Surveyors would then also be able to move constantly, inspect, superintend and measure up works in progress &c. which now necessarily devolves on inefficient Taluk Maistries, and which duty of construction and supervision of works, I consider it is desirable should be absolutely part of a Surveyor's ordinary work.

3. These Surveyors could be given 2 or 3 Taluks as their charge according to the works in progress therein.

4. The work in the office is daily augmenting and a strong and efficient establishment is required, salaries of 15/ to 25/ do not draw efficient men

paid

paid so much higher in other Departments. The increase of pay proposed will attract such, and present hands not equal to the salaries now proposed can be drafted to sub-ordinate vacancies in other Departments for such work as they may be qualified for.

5 The present and proposed establishments are given in the attached statement and the net increase is Rs 12.. 8.. 0 per mensem, or Rs 150 per annum.

6. The total annual cost of existing establishment is Rs 9810, of this the shares or amounts named below are borne by the following Departments:

Imperial	4,350	9,810.
District Fund	4,800	
Revenue	660	

The proportionate share of each of the proposed increase Rs 150 will be

Imperial	66-8-	150.
District Fund	73-6-	
Revenue	10-2-	

7. The question of the Division and Head-Quarters establishments have

not been dealt with by me - I have simply confined myself to the District and Taluk revision which has met with the approval of the District Committee. -

I have the honor to be,

Sir,

Your most obed.t Servant,

Forwd.

Japan District,
Deputy Commissioners Office.
Japan 10th July 1877

To

The Commissioner
Telegraph Division

Sir,

With reference to your Circular Letter No: 501 dated 16th January 1877, calling for my opinion on the revision of the Maramatto Establishment, I have the honor to offer the following suggestions.

The present establishment consists of a Surveyor and Assistant Surveyor (there has not been an Assistant Surveyor for the last 5 or 6 months which, when reported, caused great inconvenience and delay in work) with a Maistre and Mukaddy in each taluk.

In the District Office there is the

following establishment. 46

1 Maramatt Clerk 1 Gumasta

1 Accountant 1 Munshee

the cost of the whole being Rs 9,420 annually.

The main part of the work of preparing ordinary plans and estimates &c., and seeing work carried out, measuring it &c. under the present system, falls on the maistries and I think it may be safely said that, as a body, they are the most inefficient men in Government employ. I would propose that if any revision of the establishment takes place, the grade of maistri be dispensed with. I would replace them by trained Surveyors (or whatever title may be given) apportioning one to every 2 or in some cases three talukas according to their area or the quantity of work going on. A really efficient man who would move about would be able to carry on the work without difficulty.

The division of the talukas that I would suggest

suggest would be something as follows.

Surveyor to
- Kabam
- Mampurahad
- Akalgud
- Narsipur
- Chennarayanakere
- Nagamangala
- Attikuppa
- Hambalu
- Belur.

I would suggest that one Surveyor's salary be Rs 150, that 2 receive Rs 125, and 1 Rs 100 all of them receiving Rs 30 horse allowance, and be expected to keep 2 horses or ponies

I would retain the Muttadars in the Taluks but would raise their pay to Rs 20, and expect to get a better class of men

The existing Head Office (excluding the Surveyor and Assistant Surveyor) under ordinary circumstances, and when the extra work entailed by the famine has passed away, would be sufficient I think if an estimator was added.

Considering the important work that they have to do, the officials of the Head Quarter Office are, I think, inadequately paid, and I would raise their salaries. Further each Surveyor would require to have ~~three~~ two Lascars or Peons attached to him, and one would be required in the District Office.

It seems to me that it is high time that the old and useless grade of Maistri was done away with. These men, as a rule

rule know little or nothing of their work and cannot even prepare an estimate proper and much time & $ - labor in consequence, and their work when done is bad.

I think both the country and Government will be benefitted by their abolition, and by the substitution of some such project as above proposed by me, notwithstanding at an increase in the cost of establishment may be incurred.

If a District Fund Engineer could be entertained it would be very desirable especially in this District where there are so many District Fund roads.

Camp Hassan, 15th February 1878

To

The Secretary to the Chief
Commissioner of Mysore
Darkast Department

Sir —

I have the honor to submit herewith the District Fund Budget Estimates of the Mysore and Hassan Districts for the year 1878/79 together with copies of the Proceedings of the District Fund Committees.

2 The total receipts anticipated during 1878/79 from all sources of the District Fund Revenue in the Mysore and Hassan Districts are Rs 20,940 & Rs 3930 8. and the estimated balance at the close of the year Rs 20144 & Rs 3739 respectively. The total assets for the year 1878/79 are therefore Rs 47,139 for the Mysore & Rs 43,047 for the Hassan District. The Deputy Comm.r Hassan, in his letter No 1658 of the 24th ultimo has stated that a deduction of 10 per cent has been made in the estimated receipts owing to remissions that may be granted in land Revenue on account of famine &c.

3 The Expenditure proposed to be incurred during 1878/79 is as follows:

No.	Items	Mysore Distt.	Hassan Distt.
1.	Original works	24,000	12324
2.	Repairs	25,150	19500
3.	Establishment	12,678	10023
4.	Tools and Plant	935	1200.
	Total	60703	43047.

5 It will be seen from the above, the proposed expenditure in the Hassan District is equal to the estimated receipts, whereas in the Mysore District the expenditure exceeds the receipts by Rs 13,564, which sum the Committee apply for, from the annual Grant-in-aid of Rs 40,000 in the Roads and Building Budget.

4. Original Works. No work under the head "Buildings" has been proposed to be carried out in either the Mysore or Hassan District during 1878/79 & the following are the works provided for execution under the head Communications.

	Works.	Budget provision	Total
Mysore	Kowlandi-Sanitémarhalli road	4152	
	Chamrajnagar-Sanitémarhalli do	1160	
	Müguür-Sanitémarhalli do	2872	
	Lingraj Chutter-Dannâkahalli do	3740	
	Mandya-Mélkôta road	7900	18724
Hassan	Constructing Bisléghat road	6,000	
	Ossoor-Chandrapûr do	4,000	10,000

The Reserve Grant for Construction of the Original works is Rs 1276 for the Mysore District, and Rs 1324 for the Hassan District. Under the head "Original Miscellaneous Public Improvements," a provision of Rs 2200 has been made for works in the Mysore District, and of Rs 1000 in the Hassan District.

5. Repairs. No provision has been made for repairing any of the Government Buildings in either of the two Districts. There are 28 Dist: Fund roads

in the Mysore District, and 34 in the Hassan Distt. of 402 1/2 & 322 1/2 miles in length respectively, and the annual repairs requires for the former are propo-sed to be executed at a cost of Rs 19950, and for the latter at Rs 16,500. The provision in the Mysore District under this head is more than that of the previous year by Rs 330, and that in the Hassan District is less by Rs 1321. These differences are due to certain alterations and additions proposed by the Committee in the allotments for some of the roads.

A provision of Rs 150 for 3 miles of the road from Mysore to the Chamoondi Hill at Rs 50 a mile, and of Rs 180 for 6 miles of the Narsipur-Nuggur road being the two additions made to District Fund roads for 1878/79 in the Mysore District.

The variations in the provisions made in the Hassan District are as follow:-

Owing to increased traffic on the Hassan-Tipsoor road, the maintenance allowance for this road has been raised from Rs 30 to Rs 50 a mile. Six miles of road from Marihalli to Kadumané, for the upkeep of which a sum of Rs 180 had been provided in the previous year's Budget has been struck out, as it was very properly considered to be a private road by the Committee. Four miles of the Ammahal Moodgéré road, and 16 miles of the Bélur Moodgéré road were transferred to the Kadur District on the formation of the new Moodgéré Taluk, and Rs 400 & Rs 1,200 respectively have therefore been reduced.

The

5 Vi

The Restive Grants for Special Repairs and for Repairs Miscellaneous Public Improvements are Rs 3000 & 2,200 in the Mysore District, while in the Hassan District a sum of Rs 3,000 has been allotted for Special Repairs. No provision being made for works under the head "Repairs Miscellaneous Public Improvements."

6. A Sum of Rs 1,000 has been specially provided for Construction of Cattle Pounds in the Hassan District during 1878/79, while the Deputy Commissioner, Mysore, reports that the cost of these buildings will be met from the provisions under the head "Original Miscellaneous Public Improvements.

V. Establishment and Tools & Plant.

The charges under these heads are the same as in 1877/78, being Rs 12618 & 935 for the Mysore, and Rs 10023 and Rs 1,200 respectively, in the Hassan District.

Sir,

In reply to Your letter No. 1026 of the 9th Instant I have the honor to forward for Your perusal a statement shewing the amounts of District funds Estimated to be realized, and the works proposed to be undertaken during the Year 1878-79

2. The amount estimated to be collected on the ½ anna Cess on the Current Year was entered as Rs 35,700, but it is not likely it will be realized owing to the famine, and I am of opinion that as much revenue as usual will not be recovered next Season, owing to remission, & to so much land not being cultivated, as

wound owing to the death or absence of the pro-
prietor.

3. For these reasons I have made a deduction of
10 per cent in the estimated 12 anna cess collec-
tions, Except in Mundgerabad.

4. The accompanying Statement shows, that
the Budget will give under all heads Rs. 43048
The usual road repairs, pay of establishment,
and allowance for tools will absorb Rs.
29.900. of this, leaving about Rs. 13,000 for other
works Rs.

5. You have directed provision to be made
for the following schemes.

1 Bisle ghaut. 2 Dayspoonda road. and the
other unfinished projects started last year.

6. The D. P. W. require ~~Rs.~~ 6000 for the
Bisle ghaut. and I propose allotting Rupees
3000 for the Dayspoonda road. I have
spoken to Mr. Clift on the subject, and he
does not appear to want more.

7. This leaves but Rs 4000 for disposal, &
if it is allotted as directed by you for, Cattle
pounds and the incomplete works of last
year, say Rs. 1000 for Cattle pounds, 1000
for the Sakleshpur road, there remains but
Rs. 2000 under the head "Reserve". — &

There is nothing to be discussed, as it is settled beforehand, how the money is to be Spent, and it would be highly inconvenient for many Reasons at this Season to bring all Auxiliaries into Session.

Read letters Nos: 1124 & 1125 dated 31st January 1878 from Comr & Collr approving of the appointment of Messrs Wilson, Stephenson and Rookote Soundrappa as members of the Local committee.

Recorded.

On the Committee proceeding to pass the annual allotment for repairs of roads the

Amildar of Hassan suggested that the allot-
ment for the Hassan Tipla Road be increased
from 30 Rs to 50 Rs. per mile. The proposal
is seconded by Mr. Lilley and Supt and
unanimously passed by the Committee
as the said road is one of the most im-
portant in the District and a great deal
of traffic. The Amildars of Arkulgud and
Sravanbelly both wish the amounts allotted
to the roads in their Talooks to be increased
and the Hassan Amildar also requests
further allotment for several roads
in his Talook. After some discussion it
is proposed by Captain Maltby and seconded
by Mr. Lilley that taking into Consideration
the great damage that has been caused to
many roads in this District by the
heavy rains last October, that a large
sum be retained under the head "Reserve"
with a View to special estimates being pre-
pared for their repair, as such cannot
be done out of the very small annual
allotments and that Committee Consider
the upkeep of the existing roads as a
more important matter, than making

more money in works which were started during the Famine.

Resolved that Rs. 43241 be placed under the head "Reserve" to meet Estimate for repairs of the numerous bridges and tunnels that have been Carried away by the recent rains.

Proposed by Captain Maltby. Seconded by Mr Lilley that the grant for the repair of the Maradhulli Kadamana road be struck out of the District Fund Budget, the Committee objecting to pay for this upkeep of what is virtually a "private Cart

Sir,

With reference to the Correspondence

No 1691/949 of 20th August last, sanctioning the
entertainment of extra establishment
for six months, I have the honor to state that
the terms of their appointments expires on

year being at hand, Annual accounts and
Reports are to be prepared and no diminu-
tion of Office work can be expected now
the necessity for their employment is as
great as it was. I would therefore recom-
mend the retention of the establishment
until the Scheme submitted with this
Office No 456 of 21st July 1877, and embodied
in the Budget for 1878-79 is sanctioned

The proceedings of the Chief Commr. No. 239-243/44 dated 20th April 1878 sanctioning the District Fund Budget of the Hassan District for 1878-79 and remarking that the establishment charges require reductions

" "

Referring to para 8 of the above, invites attention to this Office letter No. 263/86 dated 16th August 1877 submitting proposals for revising the existing Maramut Establishment - The Deputy Commissioner Hassan states that he has nothing further to add to the views expressed in his letter No. 499 dated 10th July 1877, which was forwarded in original with this Office letter above quoted.

To Dupl. 6/6

Asst. Commissioner
Ashm. Dt.

In para 8 of the Chief Comr's No. 239-243 of 20 April last it was remarked that the Estt charges in the Hassan Dt. amounted to nearly 1/3 of the proposed Expr. on works Repairs. The Comr was requested to report what reductions in Estts were possible. In reply the Comr refers to his letter No 263 of 16 Augt 77. In that letter 86 proposals were submitted for placing the Dt maramut Estts on a better footing, the consideration of which was deferred till the question of transferring the supervision of the local Funds works to the PWD was decided. It will be seen that the proposals of the Comr in his letter of 16 Augt 77 involve an extra charge on the Funds, whereas what was suggested in this Office No of 20 April last was a reduction of the present Estts so as to reduce the percentage of cost of Estts on the expenditure incurred on works

Sir.

In reply to your docket No. ~~7961~~ 7961 of 15th June 1878, I have the honor to inform You that the Deputy Commissioner of Noakhali and Chittagong are of opinion that the present Maramat establishment cannot be reduced without impairing its efficiency.

Under the existing system, each Taluk is provided with a Maistry and Mudi Sudy, for the execution of works Carried on within its limits, under the head Agricultural, District Fund, and Civil Buildings, their pay being debited partly to the Imperial Funds, and partly to the District Funds.

The

two District Surveyors are employed in making Surveys, and levels of different projects to be undertaken, while the Division and District offices establishments are absolutely needed in checking estimates and accounts, and preparing completion bills &c.

It appears to me under the circumstances stated, that unless the number of works carried out by the Revenue authorities is reduced, it is not possible to reduce the existing establishment to any appreciable extent.

I have the honor to be,

Sir,

Your most obedient Servant,
